PROFESSIONAL SUMMARY

Goal-oriented Full-Stack Web Developer with practical experience designing, developing, and deploying modern web applications and responsive user interfaces. Specialized in the modern JavaScript ecosystem, including React, Next.js, Node.js, Express, and MongoDB. Experienced in architecting secure RESTful APIs, implementing robust authentication workflows, and optimizing client-side performance. Dedicated to writing clean, maintainable, modular code and continuously adopting industry best practices.

TECHNICAL PROJECTS

Bazar Dor — Commodity Price Tracker

Full-Stack Web App

Tech Stack: Next.js, React, JavaScript/TypeScript, Tailwind CSS

- Built an intuitive localized commodity price tracking interface supporting native Bangla typography and dynamic date categorization.
- Designed reusable, modular UI components to ensure smooth navigation, fast rendering, and clean state handling.
- Implemented responsive image optimization and resolved prerendering issues to achieve cross-device compatibility.

FitLog — Workout & Fitness Routine Tracker

Web Application

Tech Stack: React, Next.js, Tailwind CSS, Local/State Storage

- Engineered an interactive exercise and daily fitness log platform with real-time routine tracking and progress updates.
- Constructed clean data-entry forms with active input validation, categorized workout logs, and calculated metrics.
- Crafted an accessible, mobile-first dashboard ensuring fast load times and persistent user data handling.

Auth-System — Robust User Authentication & RBAC

Backend & API Service

Tech Stack: Node.js, Express.js, MongoDB, JWT, REST APIs

- Developed a complete authentication service featuring secure user registration, credential hashing, and JWT token sessions.
- Configured protected route middleware, role-based access control (RBAC), CORS policies, and comprehensive error handling.
- Created RESTful API endpoints for user profile management, password updates, and token verification.

EDUCATION

Honours / Fazil (1st Year, Ongoing) — Enrolled
Islamic Arabic University

Alim (HSC Equivalent) — Completed
Madrasah Education Board

TECHNICAL SKILLS

Frontend:

React | Next.js | JavaScript (ES6+) | TypeScript | Tailwind CSS | HTML5 & CSS3

Backend & Database:

Node.js | Express.js | MongoDB | Mongoose | RESTful APIs | JWT & Auth

Tools & Workflow:

Git | GitHub | VS Code | Postman | npm

PROFESSIONAL TRAINING

AI-Driven Full-Stack Web Engineering
Programming Hero
Comprehensive intensive program covering MERN stack architecture, full-stack application lifecycle, API security, and database modeling.

CORE COMPETENCIES

- Full-Stack Application Architecture & CRUD
- RESTful API Design & Integration
- Authentication & Role-Based Authorization
- Database Schema Design & Data Sanitization
- Component-Driven UI & State Management

LANGUAGES

• **Bangla:** Native
• **English:** Professional Working Proficiency (Technical Documentation & Collaboration)
